Participants will have the opportunity to contribute to the program with a presentation of their own, sharing experiences from their home institutions. Please include an abstract of a short presentation (10 min) into your statement of motivation. Topics include, but are not limited to:

1. Processes of consolidation in library systems (e.g. regarding classification systems, software and data schemes, workflows, fulfillment ...)
2. Identification and restitution of looted books
3. Challenges of research libraries in the digital age (e.g. information literacy; electronic resources: consortia, cooperation, and acquisition schemes; Digital Humanities; research data management; cloud cataloguing, etc.)

No participation fee will be charged. Except for some events which will be upon invitation by Freie Universität Berlin, you are kindly asked to cover the expenses for accommodation and food by yourself.
