»In the 1970s, we had demos and campus boycotts but also great and legendary professors. As a business consultant, I try to give back to the students as a mentor.«

Thomas Andersen, Business Administration 1981

»I loved the multi-cultural atmosphere and academic ambitions at Freie Universität. The broad curriculum and the professional staff had probably the most influence on my later career.«

Dóra Margrét Pálsdóttir, Psychology 2002

»I remember my studies fondly. I got to take interesting courses, meet wonderful people, and spend a year abroad thanks to the direct exchange program of Freie Universität.«
