

Invitation to the Focus Area's Annual DynAge-Workshop

Dear Colleagues,

We have the great pleasure to invite you to the Annual Workshop of the *Focus Area DynAge* which will take place on 03 July 2014, 10:00 am to 5:00 pm, Botanical Garden Berlin Dahlem (Königin-Luise-Str. 6-8, 14195 Berlin, big lecture hall; please see attachment).

The program features two keynotes by highly renowned experts in the field of aging research: "Healthcare systems, patient satisfaction, and health behavior in international comparison" by Professor Dr. Claus Wendt (Chair of Sociology of Health and Healthcare Systems, University of Siegen) as well as the keynote "Pathways to healthy aging: what can longevity models teach us?" by Professor Dr. Adam Antebi (Max-Planck-Institute for Biology of Aging, Cologne). Furthermore, the 12 DynAge projects of the first funding period will be presented. Additionally, there will be a poster session by master students of DynAge's "research-oriented teaching" pilot program.

We are very much looking forward to welcoming you at the Annual DynAge Workshop and kindly ask you to confirm your participation by sending us the attached registration form until **25 June 2014**. Please, find attached the registration instructions, the workshop program, as well as details about the venue and don't hesitate to forward the invitation to other interested colleagues.

Sincerely,

Prof. Dr. Nina Knoll
