

## Berlin Program Fellows 1987–1989, 2<sup>nd</sup> Cohort

The Berlin Program is pleased to announce its 2<sup>nd</sup> cohort of research fellows. Central to our program is the research colloquium, which is designed to encourage cross-disciplinary dialogue and is guided by eminent scholars each semester. In placing a high priority in the fellows' academic and cultural immersion in the 'field,' the program hosts events which bring fellows together with scholars, public intellectuals, and artists.
