

Berlin Program Fellows 1992–1993, 7th Cohort

The Berlin Program is pleased to announce its 7th cohort of research fellows. Central to our program is the research colloquium, which is designed to encourage cross-disciplinary dialogue and is guided by eminent scholars each semester. In placing a high priority in the fellows' academic and cultural immersion in the 'field,' the program hosts events which bring fellows together with scholars, public intellectuals, and artists.
