

***Want to meet FU students and get to know the university?
Want to lose fear of speaking German?
Want to expand your German vocabulary?
Want to learn slang and funny sayings?
Want to compare different cultures?
Want to go out and discover Berlin?***

“FU Buddy” **Program**

**Improve your language skills and meet German students
one-on-one!**

Just as on a tandem bicycle, two people meet on a regular basis to attend events, do things, go places, improve their language skills, and learn about each other's culture. In this mutual exchange, you get together in a relaxed and friendly atmosphere – and, from a language learning point of view, while you practice your German, you will assist your “FU buddy” with his/her knowledge of English. And along the way, you exchange views of each other's culture and challenge yourself with the other's perspective. You have the chance to see the city and experience the FU through the lens of an insider and explore both according to your shared interests.

Exchange – learn – explore – teach!

**Coordinated by FU-BEST Student Assistants, in association with the FU's
Sprachenzentrum.**

Organizational meetings to be announced at the start of the semester.
