

Please wait a moment!

Dear Applicant,

we are pleased to be able to offer you an additional service for your application process. If you are applying for a study placement not only at our institution, but also at one or more of the higher education institutions listed below, or for a study program included in the Dialogorientiertes Serviceverfahren (DoSV), you do not need to accept multiple placements as a precaution. All of these institutions will process their admission procedures and send their admission notices as soon as all presented applications are considered. Depending on the institution this process will be completed at different times, but normally it starts on August 1.

It has been ensured that each of the higher education institutions listed below will give you an acceptance / enrollment period for study programs outside the DoSV at least **until August 25, 2015**, because the coordination period of the DoSV will be concluded by August 24.

That means that you can simply wait and see where you have been admitted for a study program outside the DoSV or have got an admission offer for a study program included in the DoSV and then accept a placement only at the higher education institution of your choice. This helps simplify the admissions process for you and for all of the institutions involved.

Good luck with your application!

List of higher education institutions involved

Aachen	RWTH Aachen
Augsburg	Universität Augsburg
Bamberg	Otto-Friedrich-Universität Bamberg
