1. GENERAL INFORMATION

The Cluster of Excellence *Temporal Communities: Doing Literature in a Global Perspective* aims to create a new theoretical and methodological take on literature in a global perspective that moves beyond the categories of nation and period and conceives of literature instead as a transcultural and transtemporal phenomenon in deep time. Introducing the notion of ‘temporal communities’, the Cluster investigates the ways in which literature reaches out through space and time and establishes extensive transtemporal networks in which the notion of literature itself is constantly re-constituted as it interacts with other arts and media and develops temporalities of its own.

For the year 2022 the Cluster invites postdoctoral fellows working in the field of literary studies and/or related disciplines to spend a period of 3 to 6 months (between January 1 and December 31, 2022) at Freie Universität Berlin.

N.B.: Should the COVID-19 restrictions continue in 2022, online fellowships will be possible.

Through these fellowships, junior scholars are offered the possibility to

- pursue individual research within a vibrant network of international academic partners and local collaborators including universities and libraries as well as literary and artistic institutions and museums
- take advantage of interdisciplinary scholarly discussions and research networks

Fellows are expected to work on their own projects while taking part in the events and meetings organised by the Cluster’s Research Areas.

2. TERMS AND CONDITIONS

- At the time of the application deadline, the period that has elapsed since the applicant’s doctoral degree may not exceed 6

years. Exceptions are possible for valid reasons (e.g. childcare, health issues). Candidates surpassing this time limit must submit a special form stating their reasons

- The doctoral thesis/dissertation must have been submitted and defended by the application deadline
- We can grant fellowships only to applicants who have a firm academic affiliation with their home institution for the entire duration of the fellowship
- The fellow's research project must be compatible with the Cluster's research agenda (see: www.temporal-communities.de/research) and relate to the agenda of one of the Cluster's research areas
- **Monthly remuneration of 2,500 €** to cover all related expenses (accommodation, health insurance etc.)
- **Travel cost reimbursement** from the home/residence country to Berlin and back (economy ticket)
- **Working space** with internet access at the Cluster villa
