

PROFUND XL

JANUARY 2015

ACADEMIA AND ENTREPRENEURSHIP TOGETHER AT PROFUND XL

©akyanyme.com

Freie Universität Berlin announced this year that it will open a new incubator for students, academics and FU alumni. ProFund Innovation XL will be available up to 5 years. It will house 11 founding teams that work on their ideas for 1 year and enjoy the benefits of outstanding mentors from the business and academic communities. Participating teams can enter the program at any time. The link between entrepreneurship and academic is definitely one worth strengthening.
