- **ACI Information Group**
- **ABC-CLIO eBook Collection**
This collection offers encyclopedias, dictionaries, handbooks, and guides from ABC-CLIO, Greenwood Press, Libraries Unlimited, and Praeger on many subjects: American History; Business; Current Events & Issues; Economics; Health & Medicine; Literature; Military History; Politics, Law & Government; Psychology; Religion & Mythology; Science, Technology & Environment; Women's Studies; and more.
- **Accessible Archives**
Accessible Archives provides access to primary source material from 18th and 19th century American publications. The sources, previously furnished only on microfilm, reflect a broad view of the times.
- **ACM Digital Library**
This collection provides the premier digital library for the field of computing from the educational and computing society, Association for Computing Machinery.
- **Adam Matthew**
- **Alexander Street Press (teilweise)**
- **American Council of Learned Societies (ACLS)**
ACLS Humanities E-Book (HEB) offers titles in the humanities, in collaboration with twenty learned societies and more than 100 contributing publishers, as well as the University of Michigan's Scholarly Publishing Office. Fields covered include: Area Studies throughout the world, Historical Studies throughout the world, Archeology, Biblical Studies, Bibliographic Studies, Folklore, Literary Criticism, Musicology, Performance Studies, Political Science, and many more. Reviewed by scholars, titles include monographs, collected essays, and primary sources.
- **American Economic Association: Journals**
- **American Institute of Physics**
- **American Mathematical Society**
- **American Medical Association**
- **American Museum of Natural History**
- **American Psychiatric Association Publishing**

- **American Psychological Association (APA):**
PsycARTICLES, PsycBOOKS, PsycCRITIQUES
- **American Society for Microbiology**
- **American Society of Civil Engineers**
- **Annual Reviews**
Annual Reviews offers comprehensive, timely collections of critical reviews written by leading scientists, in 40 disciplines within the Biomedical, Life, Physical, and Social Sciences including Economics. Online Access offers each article as its own search engine, providing a gateway to the essential primary research literature referenced within each topic.
- **Airiti Library**
The Airiti Library offers CEPS Chinese Electronic Journals including academic periodicals published in China, Taiwan, Hong Kong, Malaysia as well as other countries. Topics covered include the humanities, natural science, social science, applied science, medicine and life sciences and other categories. Coverage begins with 1991.
- **Association for Computing Machinery**
- **ASTM International**
The ASTM Standards and Engineering Digital Library (SEDL) covers a broad range of Engineering disciplines, including Aerospace, Biomedical, Chemical, Civil, Environmental, Geological, Health and Safety, Industrial, Materials Science, Mechanical, Nuclear, Petroleum, Soil Science, and Solar Engineering. ASTM's standards cover Metals, Petroleum, Construction, the Environment, and other topics . This collection contains e-books, manuals, monographs, and special technical publications (STPs). Symposia papers are not indexed in Primo Central.
- **Australian National Data Service (ANDS)**
- **BCS, The Chartered Institute for IT**
The eWic Series gives free access to the proceedings of workshops and conferences on the broadest possible range of computing topics.
Each volume is based on the proceedings of a specialist workshop and is designed to provide information that represents a snapshot of current knowledge, debate or research.
- **Begell House, Inc. E-Books**
- **Bentham Science Publishers**
Bentham Science offers subscription and open access journals and book series, in the fields of pharmaceutical, biomedical, medical, engineering, technology, computer and social sciences
- **Bepress – Digital Commons**
- **BiblioLabs**
Contains: BiblioBoard Core, a module featuring historical books, articles, images, photographs, maps, pamphlets, documents, and audio/video content. Topic covered include: Literature, History, Philosophy, Religion, Science, Sports, Drama, Games, Crafts, Cooking, and more and "British Library 19th Century", a module featuring primary source materials (books, documents, and images) from the British Library, on 19th century life. Topics covered include: Women's Travel, Gypsy Life, the American Civil War, Ghosts and Spirits, Bicycling, Romance, Medicine, Maritime Life, Castles, and more.
